PROFILE

I am a Junior Web Developer with a good basic knowledge of front-end development. I can build websites that look good on all devices using React, Tailwind CSS, Express, and MongoDB. I like to write clean code, learn new tools, and make websites work faster. I am excited to work on new projects and improve my skills.

SKILLS

- Proficient in HTML, CSS & JavaScript
- Front-End Frameworks: React.js
- CSS Frameworks: Tailwind CSS
- Responsive Design
- Version Control: Git, GitHub
- MongoDB
- Express.js
- Problem Solving and Debugging

FREECODECAMP CERTIFICATIONS
